Please bring up the fact that we haven't heard anything from HQ regarding our answers to their questions last week on the action memo. Martin is poking Woolford, Stalcup, and Cheatham, but no response. Time is critical if Shaun wants to discuss this topic in Libby next week.

Also, let them know that MDEQ and USFS are in town tomorrow and Wed for OU3 meeting with WR Grace and their counsel. This is the quarterly RI/FS coordination meeting. Large differences of opinion exist between EPA and Grace on basis for OU3 FS study area boundary, need for including Kootenai River in OU3 boundary, need for heightened fire suppression effectiveness and OU3-dedicated fire preparedness activities. I don't anticipate these issues being resolved anytime soon. These are all potential points of litigation.

Additionally, we have sent Grace additional contractor financial documents under our confidentiality agreement with them. Grace has until June 30 to indicate whether they will contest the \$1.9 million RI/FS oversight bill or pay it (or a little of both). Anticipate additional information request possible from Grace.

Coordinating with LC/MDEQ/USFS/DNRC on LARP. Meeting scheduled with MCS next week and tentative exercise to test plan the week of July 12<sup>th</sup>.

Thanks!

Hi All,

I'm having a call with Bill and Stan tomorrow. We will be discussing:  
Shaun's visit. (Last call, AM and CFAC)

OU5

OU6

Construction Update (Numbers and Shrinking # refusals)

My visit with DEQ on IC's and homeowners actions.

Anything for OU3 Christina?

Jennifer any CIC updates?

Or anything else you would like me to bring up?

Mike
